Baby Shoes? No; Keep Rear-View Mirrors Clear

Junior's baby shoes may be a precious memento, but they are out of place dangling from a rear-view mirror of your car.

So states the California Highway Patrol. And that goes also for flapping "birds" or other gadgets calculated to distract your attention while driving.

Present-day driving is hazardous enough without intentionally adding to the danger, the Patrol pointed out.

And on Saturday, Mr. and Mrs. Pratt left Sierra Madre on a trailer coach jaunt to Kentucky, Ohio and parts of Canada. They expect to be gone for nine months.

In the meantime the couple will rent their home to their daughter and son-in-law, Mrs. and Mrs. Harold Clark.

Kiwanians See Demonstration Of Artificial Limbs Use

Progress of government and private research in the artificial limbs field was told Kiwanians at the Tuesday meeting of the club.

Guest speaker at the noon luncheon was Jerry Leavy, who is employed by Sierra Engineering Company and the U. S. Government as a testor and consultant on prosthetic devices. Mr. Leavy is a bilateral amputee—that is, both his hands and parts of his arms are gone.

Sierra Engineering, working with the government and other private agencies, has been studying ways of improving artificial limbs for several years.

Mr. Leavy demonstrated how his two artificial arms and hooks operate, picking up minute as well as large objects. He described and showed the latest developments in artificial limbs—developments through which amputees can pursue near-normal lives.

Light plastic limbs now replace the heavy and unsanitary ones made formerly of wood or leather. Adjustable hooks or flesh-like hands now can do many tasks which had been impossible for amputees.

Mr. Leavy showed how the hooks can be quickly set to exert the amount of pressure desired. It takes about 15 seconds for an amputee to put on the artificial limbs when dressing in the morning, and persons can learn the pattern of operating their new limbs within two months time.

The speaker said it takes

him about one hour to wash, dress, and shave.

Although the exact number of amputees is not known, Mr. Leavy said artificial limb manufacturers estimate the figure at one to three million in this nation. Veteran amputees of World War II number 21,356, he said. Only 118 of these, however, are bilateral amputees.

Supplies are being purchased on the basis of an attendance of 1500. Tickets may be obtained from lodge secretaries or at the Masonic Temple in Monrovia.

Lapel Buttons Planned for 1950 Community Fund Drive

Sierra Madreans who donate to the forthcoming Community Fund Drive will be able to show tangible evidence of their giving. According to John Conzelman, chairman of the Kiwanis Club-sponsored campaign which begins October 23, lapel buttons have been ordered and will be available for residents who give to the drive.

The buttons, Mr. Conzelman said, will be completely "Sierra Madre" in style. On the face of each lapel pin will be painted a sprig of wistaria and the letters, "SMCF."

"We have two reasons for providing the pins," the drive chairman explained. "First, of course, we want every resident to wear one and help publicize the drive."

"We also hope every resident who works out of town will wear his button to work," Mr. Conzelman said.

"Then, when he is asked to give again to the Community Chest Drives of other communities, he can say he already has given in Sierra Madre."

Following an investigation and discussion last spring, it was decided that Sierra Madre would be better off by remaining out of the Community Chest and conducting its own campaign.

Local organizations which will benefit from this year's Community Fund Drive are Camp Fire Girls, Boy Scouts, Girl Scouts, Toy Loan, the YMCA, the Community Nursery School Association, and the Visiting Nurses' Association.

Better to be late than never—drive carefully!

Massed Choir To Highlight Bowl Rally

A massed choir of 10,000 voices, including members of thousands of churches of many denominations in the Southland, will be a feature of the Mid-Century Rally in Pasadena Sept. 14, when Evangelist Billy Graham speaks in the Rose Bowl.

The choir, led by Cliff Barrows of Modesto, will consist of the 10,000 young people coming from Christian Endeavor units and from Youth for Christ rallies in the South Pacific region, which will be seated in sections 16 to 21, behind the speaker's platform on the west side of the field.

Box seats, ordinarily occupied by dignitaries at great sport classics, will be reserved for persons converted to Christianity during the rally.

Emirhanian Holds Visitors to Two Hits in 'Best Pitching Yet'

Sisters reunited. Miss Elizabeth H. Falck (center), since 1921 missionary and educator in Shanghai, is reunited with her sisters, Miss Anna M. Falck (left) and Mrs. H. Clay Burkholder, at their home in Lancaster, Pa. Miss Elizabeth Falck has just returned from communist-held China, where she was a missionary of the Episcopal Church. Stating that she "did not wish to comment," she added, "It's been a terrible strain."

Behind the stellar performance of Pitcher Emirhanian, the Sierra Madre VFW Raiders shut out Southwest Merchants 11 to 0, Sunday afternoon at the city ball park.

Pitching the best game at the local park this season, Emirhanian handcuffed the highly-rated Merchants to only two hits. The Sierra Madreans, in the meanwhile, belted the visitors for 15 hits.

Two Raiders Enter Army

Two players on the Sierra Madre VFW Raiders semi-pro team left this week with the National Guard Company for active duty in the Army.

Raider Manager Larry Shepherd announced Monday that Dave Townley and A. Jason probably will be replacements for the departing Guardsmen. Townley played third base in Sunday's game, and Jason handled second-base chores.

Big Albacore Run Continues

The unusually large run of albacore continued this week as coastal sport fishing boats reported near-record catches.

At Pierpont Landing, Long Beach, boat skippers said a total 1692 albacore were taken during the past week. Catches of longfins have been averaging a phenomenal 221 pounds, it was said.

From Norm's Landing at Newport Beach comes the news that an average 150 to 200 albacore have been brought in each day.

Also running plentifully are barracuda, white sea bass, halibut, and miscellaneous fish.

SCRIBING THE BOUNDARIES OF THE TERRITORY PROPOSED TO BE ANNEXED

THE CITY COUNCIL OF THE CITY OF SIERRA MADRE DOES HEREBY DETERMINE, ORDER AND RESOLVE AS FOLLOWS:

WHEREAS, pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, this Council hereby finds and determines that the public interest and convenience require, and it is the desire and intention of the City Council of the City of Sierra Madre, to annex to and incorporate within the boundaries of the City of Sierra Madre that certain uninhabited territory in the City of Arcadia, County of Los Angeles, State of California, contiguous to the boundaries of the City of Sierra Madre, and hereinafter more particularly described, for the following reasons:

(a) Said territory is a part of a new and unrecorded subdivision, known and referred to as Tract No. 15709, the bulk of which is within the present and existing boundaries of the City of Sierra Madre and the remaining portion thereof within the City of Arcadia; that on account of the hilly and precipitous nature of the lands in said subdivision it is impracticable for the subdivider to conform to such boundaries to the end that each of the lots or parcels of land in said subdivision will be wholly within one of such cities;

(b) That in the opinion of this Council, it is desirable that a portion of such proposed subdivision, now within the boundaries of the City of Arcadia be annexed to the City of Sierra Madre so that no confusion or difficulty will arise in the future from the standpoints of taxation, street lighting and maintenance, sewers, water and other municipal services, since the annexation to the City of Sierra Madre herein proposed of the aforementioned territory will result in a new boundary line between the respective cities along the rear lot lines of the several lots or parcels of land herein described.

Said territory consists of a certain parcel of land bounded on the West by certain property in the City of Sierra Madre, and is more particularly described as follows, to wit: Those portions of the Southwest one-quarter of Section 15, Township 1 North, Range 11 West, S. B. E. & M., and of Tract No. 13367, as shown on map recorded in Book 313, Pages 6, 7, and 8, of Maps, and of Tract No. 10725, as shown on map recorded in Book 323, Pages 42 and 43, of Maps, all being Records of Los Angeles County and all lying within the boundaries of the City of Arcadia, County of Los Angeles, State of California, described as follows:

Beginning at the angle point in the Southerly Boundary Line of the City of Sierra Madre, County of Los Angeles, State of California, as it now exists and as shown on map of said Tract No. 13367; thence North 0°08'25" West, along the Easterly Boundary Line of said City of Sierra Madre and shown on map of said Tract No. 13367, 747.22 feet; thence South 31°56'51" East, 238.80 feet; thence South 21°30'00" East, 210.00 feet; thence South 1°30'00" West, 14.00 feet; thence South 14°05'52" West, 193.05 feet to the intersection with the Northerly line of Grandview Avenue (60.00 feet in width) as shown on map of Tract 10725, above-mentioned; thence South 12°46'55" West, 55.00 feet; thence Westerly along a curve, concave to the South and having a radius of 1375.00 feet, 85.06 feet to the beginning of a compound curve concave to the South and having a radius of 1075.00 feet; thence Westerly along said curve, 186.49 feet to its tangent intersection with said Southerly Boundary Line of said City of Sierra Madre; thence North 89°19'50" East, along the said Southerly Boundary Line of said City of Sierra Madre, 129.97 feet to the point of beginning.

NOW, THEREFORE, BE IT

RESOLVED: SECTION 1. That pursuant to the provisions of the "Annexation of Uninhabited Territory Act of 1939" (Stats. 1939 Ch. 297), as amended, this City Council hereby initiates these proceedings for, and gives notice of, said proposed annexation of the aforementioned uninhabited territory, described herein, to the City of Sierra Madre.

SECTION 2. Said territory is hereby designated for the purpose of identification as "Santa Anita Annexation".

SECTION 3. The City Council hereby gives notice of and fixes the 12th day of September, 1950, at the hour of 8:00 o'clock P. M. of said day, in the Council Chambers in the City Hall of the City of Sierra Madre, as the day, hour and place when and where any and all persons owning any real property within said territory so proposed to be annexed, and having any objections to the proposed annexation, may appear before said City Council and show cause why said territory should not be so annexed to the City of Sierra Madre.

SECTION 4. The City Clerk shall certify to the adoption of this Resolution and shall cause the same to be published once a week for two successive weeks prior to said hearing on September 12, 1950, in the Sierra Madre News, a newspaper of general circulation published and circulated in the City of Sierra Madre, and hereby designated for that purpose.

SECTION 5. The City Clerk shall certify to the adoption of this Resolution.

I HEREBY CERTIFY that the foregoing Resolution was adopted at a regular meeting of the City Council of the City of Sierra Madre, held on the 8th day of August, 1950, by the affirmative vote of at least three Councilmen, to wit:

AYES: Councilmen Eaton, Black, Barter and Kinney.
NOES: None.
ABSENT: Councilman Korsmeier.

Lawrence B. Brain, City Clerk of the City of Sierra Madre.

SIGNED AND APPROVED THIS 8th day of August, 1950.
